PRESS RELEASE

DEI WELCOMES TWO NEW TEAM MEMBERS

Record Growth Spurs New Hires

FOR IMMEDIATE RELEASE

January 29, 2021 – Cincinnati, Ohio – DEI, a leading design/build company working with banks and credit unions nationally, announces the addition of two new team members: Jeffrey W. Eagle, executive vice president, construction, and Robert Elmore, environmental graphic designer.

“We make a difference for our clients with visually stunning and highly efficient physical workspace, branches, operation centers, and renovated sites. To create and build the kind of award-winning solutions we do, you need to build your team, too. The addition of Jeffrey and Robert is an important part of our team’s evolution,” said Richard Grow, president and CEO.

Eagle brings 34 year of professional experience, with deep expertise in design/build and construction. With a Bachelor of Science degree in civil and environmental engineering from the University of Cincinnati, College of Engineering, he will be responsible for all construction projects and team members plus maintaining client relations. As an executive, he will bring construction means and methods and value engineering to the table to move DEI forward. In his free time, Eagle enjoys being a part of numerous professional and personal-interest organizations, including St. Rita School for the Deaf (building and grounds board member) and ReViv Cincinnati Children’s Hospital (board member).

Elmore brings 13 years of experience in trade show exhibit design and seven years of experience in graphic design and print production. He has a Bachelor of Science degree in visual communications design from the University of Cincinnati and a certification in blueprinting from Ivy Tech. As a designer, he has mastered his craft. From environmental graphics, detailing, production and implementation to exhibit structural design and overall project supervision, he brings a wealth of design acumen to DEI. In his free time, he works with the Scouts of America Cub Scout Pack #983 (committee chairperson) and the Lakota Local School District (volunteer freelance graphic design).

“The vision, creative insight and experience of both will take our already stellar team and the work we do to an even higher level for our clients,” adds Grow.
