HawaiiUSA FCU Awarded Forbes Best-in-State Credit Union 4 Years in a Row

Honolulu, July 8, 2021 – HawaiiUSA Federal Credit Union has been recognized on the 2021 Forbes list of America’s Best-In-State Credit Unions.

HawaiiUSA is the only Hawaii credit union to make it to this exclusive list for four consecutive years. Just 3.6% of the 5,068 credit unions in the U.S. made the list.

This prestigious award is presented by Forbes and Statista Inc., the world-leading statistics portal and industry ranking provider.

Forbes and Statista surveyed approximately 25,000 U.S. consumers who made recommendations regarding overall satisfaction and topics including: Trust, Terms & Conditions, Branch Services, Digital Services, Customer Service, and Financial Advice. These six areas reflect a credit union’s commitment to providing trustworthy financial advice, convenient and simple banking experiences, and fair and transparent policies.
