Northeast Credit Union Leagues Collaborate to Deliver Volunteer Education

Virtual session will help credit unions create a sustainable post-COVID strategy

In the spirit of cooperation, credit union leagues in the Northeast came together to create a timely, online training session designed to help credit union volunteers create a post-COVID strategy for their institutions. The webinar, *The Way Forward: Post-Pandemic Strategies for Your Credit Union*, will take place on June 29 from 5:00 – 6:00 pm. The event is being offered thanks to the collaborative efforts of the [Cooperative Credit Union Association](#), [New York Credit Union Association](#), [Association of Vermont Credit Unions](#), [CrossState Credit Union Association](#), [Credit Union League of Connecticut](#), and the [Maine Credit Union League](#).

The event will feature renowned credit union consultant, [Ancin Cooley, Founder and Principal of Synergy Credit Union Consulting](#), and offer participants a practical roadmap for knowing when to lead, when to partner, and when to stay out of the way when implementing post-COVID strategies.

Credit unions who wish to register volunteers and staff may do so through their respective league websites.

In a joint statement, presidents representing the Northeast credit union leagues shared, "Cooperation is in our DNA. We have a long history of sharing best practices and working together across the region. Taking the step to deliver critical volunteer education not only makes sense, it also adds more membership value."
