### **Evergreen Credit Union Renews Agreement with Synergent for the Symitar Episys Core Processing System**

(WESTBROOK, ME) – Synergent is pleased to announce that [Evergreen Credit Union](#) (CU) has signed a renewal ten-year outsourcing agreement with Synergent to provide the [Symitar](#)<sup>®</sup> Episys<sup>®</sup> core processing system. The credit union also partners with Synergent for its cards, check, digital banking, online account opening, and targeted marketing needs.

“Synergent is very much an extension of our team,” said Jason Lindstrom, President/CEO of Evergreen CU. “They understand our members’ needs and work hard to ensure we have the right products and services to deliver an exceptional experience.”

Evergreen CU is headquartered in Portland, Maine, has over 25,400 members, and holds over \$401 million in assets. The credit union’s field of membership serves individuals who live, work, attend school or own a business in southern Maine.

“We are humbled by the opportunity to continue our partnership,” said Scott Johnsen, Synergent’s Senior Vice President of Operations. “Evergreen Credit Union has experienced remarkable growth—a trend I’m confident will continue. The entire Synergent team, backed by the power of Episys’ powerful core platform, stands ready to help fuel their ongoing success.”

#### **About Symitar**

Symitar, a division of Jack Henry & Associates, Inc.<sup>®</sup>, is the leading provider of integrated computer systems for credit unions of all sizes. Symitar has been selected as the primary technology partner by more than 700 credit unions, serving as a single source for integrated, enterprise-wide automation and as a single point of contact and support. Additional information is available at [www.symitar.com](http://www.symitar.com).

## About Synergent

Founded by credit unions in 1971, Synergent is a managed services provider that offers state-of-the-art and innovative core processing, in-demand payments, technology, and marketing services. As a service-driven and cost-effective host of Symitar's Episys® core processing, Synergent provides credit unions with the products and services they need to succeed. No matter what the product, our clients can count on Synergent to choose it, install it, integrate it, and help credit unions get the most out of it so they can focus on providing the best service experience possible to their members. For more information on Synergent, please visit [www.synergentcorp.com](http://www.synergentcorp.com), or call 800-341-0180.
