

## Tarrant County's Credit Union Selects PSCU for Credit and Debit Processing Services

**St. Petersburg, Fla. — (Jan. 5, 2022)** — [PSCU](#), the nation's premier payments credit union service organization (CUSO), has announced that Tarrant County's Credit Union (TCCU) has selected PSCU to provide debit and credit card processing services and support.

Based in Fort Worth, Texas, TCCU has been serving its members since 1955, guided by its mission of making their financial goals a reality. With \$117 million in assets and more than six decades of experience, the credit union was looking for a partner with proven expertise in both debit and credit processing that could also proactively deliver members access to cutting-edge technology. In addition, TCCU was interested in finding a partner with a reputation as a true credit union advocate structured to support credit unions of any size. TCCU found its fit in PSCU following a comprehensive review process.

"PSCU had everything we were looking for in a trustworthy partner, and the positive feedback from other credit unions and industry partners really set the organization apart from the rest," said Lily Newfarmer, president and CEO of TCCU. "To date, the PSCU team has already provided exceptional support and training to ensure our conversion goes seamlessly. We look forward to continuing to grow and build our relationship with PSCU for years to come."

PSCU began providing credit processing services and support to more than 11,000 TCCU members in the third quarter of 2021, with debit processing services and support slated to begin in 2022.

"Like PSCU, it is clear that TCCU puts member experience at the heart of all of its services and offerings," said Chris Gunnare, SVP, chief sales officer at PSCU. "We are very pleased with the opportunity to work alongside the credit union team to deliver their members the industry-leading tools, technologies and support for which our CUSO is known."
