HawaiiUSA Federal Credit Union opens first branch on Kauai starting 6/28

Lihue, June 25, 2021 – HawaiiUSA Federal Credit Union, the State’s largest credit union, is opening doors to its first full-service branch on the island of Kauai starting Monday, June 28. The credit union’s Lihue Branch is located in the Kukui Grove Center, next to Macy’s and across from Starbucks.

“Providing our members an exceptional experience is our commitment everywhere we go,” explains Karen Shigemoto, HawaiiUSA Lihue Branch Manager. “That’s why when we were designing our first branch location here on Kauai, we wanted to ensure it would allow us the opportunities to provide our members the products and services they need to reach their goals, as well as the ability to help foster financial education to further strengthen their financial wellness.”

The Lihue Branch officially expands on services previously offered at HawaiiUSA’s previously open Community Outreach Office, which was also located at Kukui Grove Center.

HawaiiUSA’s Lihue Branch is one of 14 in the Credit Union’s branch network located throughout Oahu, on Maui, the Big Island, and now Kauai.

About HawaiiUSA Federal Credit Union

HawaiiUSA Federal Credit Union is a not-for-profit, federally insured financial cooperative, owned and operated by their members. Chartered in 1936, the credit union serves individuals in the field of education including employees, retirees, students and their parents of a majority of schools on Oahu, Maui, the Big Island, and Kauai, as well as a large number of companies and associational groups. HawaiiUSA’s mission is to improve their members’ lives through their Life matters commitment. HawaiiUSA is the largest credit union in the State of Hawaii with assets of \$2.2 billion and a membership size of over 132,000.
