

MyNeighbor credit card

Everence Federal Credit Union

MyNeighbor offers the unique ability to generate donations for your favorite charitable organization.

Every time you use your MyNeighbor credit card, Everence will donate 1.5 percent of the transaction amount to the charitable organization of your choice, your *Neighbor*. The MyNeighbor dashboard gives you control to choose and change your Neighbor at any time and allows you to track your generated donation amount.

Is MyNeighbor only for personal credit cards?

The MyNeighbor program applies to personal and business credit cards from Everence.

Can I change the Neighbor I support?

Yes, you can change the Neighbor you support at any time through the dashboard. The Neighbor you have chosen on Dec. 31 will receive the donation you generated during the course of the year.

Which Neighbors can I choose from?

You can choose from over 9,000 eligible 501(c)(3) public charitable organizations. If your desired Neighbor isn't currently supported through MyNeighbor, you can ask for it to be added by emailing the name and address to MyNeighbor@everence.com.

How can I learn more about MyNeighbor?
