- **CUNA Mutual AdvantEdge Analytics' blog:** <https://www.advantedgeanalytics.com/insights>

Configuring For Success

Nolan Walker III

Director of Data Analytics

Suncoast Credit Union | Tampa, FL

So Many Options...

When we started looking at options the documentation for all of the options seemed to create more questions than answers:

- Can Power BI Server replace our SSRS solution?
- If I have SLAs for reports, do I need to buy premium to guarantee compute resources?
- Can I just get Power BI server by itself?
- How secure is Power BI.com portal for our member's sensitive information?

- Power BI Pro
 - <https://PowerBI.microsoft.com/en-us/power-bi-pro/>
- Power BI Premium
 - <https://PowerBI.microsoft.com/en-us/power-bi-premium/>
- Power BI Report Server
 - <https://PowerBI.microsoft.com/en-us/report-server/>
- Product Comparison
 - <https://PowerBI.microsoft.com/en-us/pricing/#PowerBI-comparison-table>

What Microsoft recommended

****Please keep in mind this information was from 6/5/19. Power BI continues to rapidly evolve ****

- Unless you have 500+ users you or you specifically need a feature of premium you should choose the pro license option.
 - Base Premium node \$5k/month = 500 Pro Licenses
- Premium Only features:
 - Publish and consume paginated report
 - Allocate and monitor compute resources
 - Maximum Storage 100TB vs. 10G per licensed user
 - 500 users x 10G/user = ~5TB
 - Dedicated Data sources
 - AI/Auto ML in Power BI
- SSRS vs. Power BI Paginated
 - Currently missing a lot of the features used in SSRS. (on the roadmap to build in the future)
 - Could not “lift and shift” all SSRS reports

So what did Suncoast choose?

We chose to deploy Power BI pro through the Office 365 E5 licenses.

A 3-Year Roadmap To Better BI

A 3-Year Roadmap To Better BI

Mike Wiseman

Business Intelligence Analyst

CAP COM Federal Credit Union | Albany, NY

The background of the slide is a light gray with a pattern of white question marks and white silhouettes of human heads in profile. The silhouettes are arranged in a way that they appear to be overlapping and looking in different directions. The question marks are scattered throughout the background, some inside the head silhouettes and some outside.

***Your CEO Wants to
Know:***

The background of the image is a light gray color. It is filled with numerous white question marks of various sizes. Overlaid on these question marks are several white silhouettes of human heads in profile, facing different directions. The silhouettes are layered, creating a sense of depth. The text is centered and reads:

***How Many Accounts
Does Your Credit
Union Have?***

The background of the slide features a repeating pattern of light gray silhouettes of human heads in profile, facing right. Each head contains a large, dark gray question mark. The silhouettes are layered, creating a sense of depth. A solid yellow horizontal bar is positioned at the very top of the image.

- **Members or Accounts?**

- **What is a Member?**

- **Include:**

- **Joints?**

- **Commercial?**

- **Trusts?**

- **Charge Offs?**

The background of the slide features a light gray surface with a pattern of white puzzle pieces. Each puzzle piece contains a black question mark. The text is centered over this background.

***What is Your Credit
Union's Total Loan
Balance?***

A cartoon illustration of four chefs in white uniforms and hats, gathered around a large pot on a stove. The pot contains a fish and some vegetables. One chef is holding a smartphone. The background is a simple kitchen setting. Four colorful speech bubbles are overlaid on the image, each containing financial data. The background is a solid yellow color.

Accounting:
\$500,000,000

Yesterday's Reports:
\$751,000,000

Marketing:
\$1.5B!!!

Lending:
\$899,999,999

"Simple" Questions....

Complex Answers

[illegible]

CASE STUDY- Loan Production Committee

Broken Process

Identify Problem

- **Conflicting “Answers”**
- **Unclear/biased definitions**
- **“Gut Based” Decisions**
- **Updates vs. Strategy**

Create Vision

- **Single Source of Truth**
- **Identified owners**
- **Fact based decision**
- **Shift to Strategy**

Analyze & Act

Learn & Educate

- **Stakeholders**
- **Business Processes**
- **Why? Why? Why?**

Build

- **Improved Tools**
- **“See the Story”**
- **Actionable Items**

Results

Wins!

- **Participate with + Yield**
- **Best in Market Rates**
- **\$1.495M in 1-week Car Sale**
- **On track for +\$15M over goal**

Example Data

Transaction Type Deposit Payment

A 3D rendered image of a puzzle. The puzzle pieces are light gray with a subtle texture. In the center, there is a keyhole-shaped piece. A metallic, silver-colored key is inserted into the keyhole. The key has a simple, rounded head and a notched blade. The background is a soft, out-of-focus gray, suggesting more puzzle pieces. The overall lighting is soft and even, highlighting the metallic sheen of the key and the three-dimensional nature of the puzzle pieces.

Thank You!
