eDOC and Sync1 Showcase Collaboration

MIDDLEBURY, VT– September 1, 2022

eDOC Innovations, a leading CUSO based in Vermont, has signed another credit union to implement eDOCSignature® and its integrated workflow with the Sync1 Systems. Superior Credit Union, a \$1.5B credit union based in Lima Ohio is the 5th credit union client who have adopted the integrated solution in the last nine months. eDOCSignature's capabilities provide state-of-the-art automation for the credit union and drives value back to the mobile members by meeting them where they are, anytime, anywhere.

"We are proud to recognize Sync1 as a prominent eDOC Partner. Their commitment to our partnership is evidenced by the results of our collaborative efforts to integrate our solutions", stated Mark Fierro, CEO at eDOC. "That they enthusiastically addressed the needs of credit unions, in general, and Superior CU, in particular, shows their commitment to the industry and a great show of confidence in eDOC's ability to fill the client needs," added Fierro. "Sync1 is very much into helping credit unions automate their processes to allow their credit union staff to spend more time with their members and not chasing paperwork", said Steve Maloney, CEO at Sync1 Systems.

READY • OBVIOUS • INTEGRATED
30 Years Serving Credit Unions!

About eDOC Innovations, Inc.

eDOC Innovations is the nationwide leader in mobile enterprise digital transaction management and e-commerce software for credit unions. For over 30 years, eDOC Innovations has been designing solutions to reduce overhead, increase operational efficiency, and provide convenience to members. eDOC Innovations' products include solutions for remote mobile and in-branch closings, mobile e-signature processing, digital asset lifecycle management, intelligent and interactive form automation, mobile remote deposit capture, electronic statements, and more.
