## **Alogent's Unify Shortlisted for Best PayTech Solution for Banks and FIs at the Banking Tech Awards USA 2026**

**Peachtree Corners, GA, April 2, 2026** – [Alogent \(@AlogentCorp\)](#), a global software leader in the banking and financial services market, today announced that [Unify](#), its enterprise payments and deposit automation platform with integrated fraud mitigation, has been shortlisted for Best PayTech Solution for Banks & FIs at the Banking Tech Awards USA.

The 2026 awards honor innovation and impact across banking technology, spotlighting solutions shaping the future of financial services. Unify's shortlisting highlights Alogent's commitment to scalable, future-ready payment technology.

“As payments continue to evolve, financial institutions need a foundation that allows them to adapt quickly and scale with confidence,” said Ashish Bhatia, VP of Payments Product Management at Alogent. “Unify is built to support real-time processing and API-driven connectivity, strengthening enterprise agility. By consolidating item processing channels and fraud mitigation within a single ecosystem, we help institutions eliminate fragmentation today, while positioning them for the next generation of payments.”

[Unify](#) enables banks and credit unions to consolidate fragmented deposit workflows into a single, extensible platform, supporting greater automation, operational control, fraud prevention, and consistency across branch, remote, and back-office environments. Designed for both Day 1 and Day 2 processing, the cloud-native platform helps institutions move beyond legacy constraints, and to prepare for future payment demands.

Winners of the Banking Tech Awards USA 2026 will be announced later this spring.
