## **eDOC Adds a Partner Relations Manager!**

**MIDDLEBURY, VT– November 21, 2022**

eDOC Innovations, a leading eCommerce CUSO based in Vermont, has experienced tremendous growth brought about by its strategic partnership and focused integration with various cores and loan origination systems (LOS). To date, the CUSO has established partnership relations with at least 10 core processors and multiple LOS and other strategic partners. Several other entities are in varying phases of building integration. To add focus and more fully serve this segment of eDOC's business, the CUSO has brought in Joe Polaski to fill the much-needed position of Partner Relations Manager. Joe comes with an extensive experience in Business Relations Management, having served credit unions and their members as an intermediary between the mortgage operations center, clients, and borrowers for the most recent 15 years in the northern New England area. Joe attended the University of Connecticut and holds a Bachelor of Arts degree, majoring in English. Joe is thrilled to go to work.

"We are excited to welcome Joe into the eDOC Family. His experience will fill the ever-growing need for a focused professional in our team who will serve as the focal point in hardening relationships with current strategic partners while further developing new ones. As a seasoned professional, he brings a tremendous experience in the relationship business that will also be an added source of expertise to our Sales and Marketing team," comments Mark Fierro, CEO at eDOC.

"I am thrilled to be a part of the exciting world of eDOC. I look forward to strengthening and expanding eDOC's relationships and assisting credit unions in creating a better member experience. One of Robert Louis Stevenson's quotes best expresses the critical nature of helping credit unions: "Don't judge each day by the harvest you reap but by the seeds that you plant." Joe Polaski added, "I can't wait to get going and to share the news with my friends in the credit union space."

### **Focused on the Future**

#### **About eDOC Innovations, Inc.**

eDOC Innovations is the nationwide leader in mobile enterprise digital transaction management and e-commerce software for credit unions.
