March 22, 2023 - FOR IMMEDIATE RELEASE

Municipal Employees Credit Union Returns to Sharetec

MECU Selects Sharetec to Provide Members Cutting-Edge Technology

LINO LAKES, MN – Sharetec, a top provider of innovative core processing software, is pleased to announce that Municipal Employees Credit Union (MECU) in Oklahoma City, OK, has selected Sharetec to be their next core system. MECU understands that Sharetec’s progressiveness in the field of software technology brings them cutting-edge technology offered through Sharetec, and will propel them seamlessly into the future.

“At the start of this venture, that is, selecting a new core provider and beginning the process to convert our current system, Sharetec has been there every step of the way. Always helpful, their team members have provided our staff with much needed support. Simply put, we could not manage a core conversion without the expertise of the Sharetec family, their “hands-on” approach, and their willingness to help us during this time of transition,” comments John Cummings, CEO and President of MECU.

The advances in technology that Sharetec has to offer MECU will be of great benefit to MECU membership, offering the best-in-class integrations compared to their existing ancillary products and services. Providing MECU with a satisfactory cost has allowed them to add many new and exciting features such as Savvy Money Credit Scoring, Meridian Link Member Application and Lending solutions, Dashboards, Eltropy Text solutions, and so much more. John continues, “I am excited to see Sharetec’s core processor in action when we go live, and all that the system can do to help us accomplish our financial goals.”

Deborah Resavage, Enterprise Sales Director for Sharetec adds, “The leaders at MECU vetted their decision to return to our amazing Sharetec V10 core system and culture away from their current core provider thoroughly. We are excited to announce our renewed partnership with MECU and offer their leaders the vastly needed and improved core system ease of use, API level integrated solutions, customer service, and support they are looking for in their core processor partner. Sharetec is delighted to have Municipal Employees Credit Union return to our partnership and the Sharetec team!”

About Sharetec System

Sharetec is a leading provider of agile, bold credit union software that improves credit union operations and members’ financial lives. Since its inception in 1993, Sharetec has grown steadily, supporting over 280 credit unions. With five offices nationwide and additional development overseas, Sharetec continues to propel the success of credit unions across the United States, U.S. territories, and the Caribbean. In 2022, the company achieved its highest customer satisfaction rating and saw the highest number of credit unions choosing Sharetec in its 30-year history.

About Municipal Employees Credit Union

Municipal Employees Credit Union has 5 branches located in the greater Oklahoma City area. The credit union has been federally chartered since 1934, and serves all Municipal employees, and their immediate family members membership is also offered to those who live, work, attend school, or worship in Oklahoma, Cleveland, Pottawatomie, McClain, Canadian, Lincoln, Grady or Logan County Oklahoma.
