Day Air Announces Plans for a New Butler Township Branch

Kettering, Ohio – Day Air Credit Union is excited to announce the future construction of a new state-of-the-art branch in Butler Township. The new stand-alone branch will be built on a plot of land at 7919 N. Dixie Rd. When completed, the new location will house the Day Air branch currently located at 3434 York Commons Blvd.

In keeping with Day Air’s long history in the Miami Valley, community was an important consideration in both the location and design of the new building.

“Our Board wanted the building to be an investment that would benefit our membership and spur additional investment in Butler Township,” said Bill Burke, President and CEO of Day Air Credit Union. “We are committed to delivering innovative and accessible banking experiences for our growing member community.”

Burke said the new full-service single-story branch is expected to be more than 5,000 square feet and will include eight personal banking offices, Interactive Teller Machines (ITMs), multiple drive-thru lanes, and a community room which will be available for public use. Members will be able to handle all their banking needs at the new branch location, including routine transactions, personal loans, auto loans, home and mortgage loans, financial planning, and business banking.

“Both the location and design of the building embody our purpose to help the Miami Valley thrive and grow,” Burke concluded. NewGround, a premier architecture, design, and project management firm in the banking industry, is leading the entire design and build project to ensure the highest quality and standards are met at Day Air’s new Butler Township Location.

Construction of the new branch will begin in the Summer of 2023. It is expected to be completed in Spring 2024.
