**Envisant Acquires IronSafe Software System**

**Naperville, IL. March 12, 2025** – Envisant, the business subsidiary of the Illinois Credit Union League, announced its acquisition of the IronSafe software system from Trellance Cooperative Holdings, Inc. As a leading provider of payments solutions to nearly 1,900 credit unions, Envisant was one of the first and largest users of IronSafe, leveraging the platform for report distribution to its extensive network of credit unions customers.

IronSafe is a state-of-the-art technology offering cloud and customer-hosted solutions for the secure display, storage and backup of reports and documents, primarily to financial services and medical industries. It activates legacy reports through data extraction that can be displayed in customizable dashboards and analytic tools. IronSafe's technology can be implemented quickly to meet diverse business needs, creating organizational efficiencies through its innovative workflow framework.

"In a rapidly evolving landscape, IronSafe provides a critical foundation for credit unions and businesses managing complex external reporting," explained Libby Calderone, President/CEO of Envisant. "By bringing this system under our ownership, we're positioned to innovate and adapt, ensuring it continues to meet the evolving needs of our customers for years to come."

Envisant's acquisition of IronSafe is a testament to the company's long-term vision and commitment to its credit union partners. By integrating IronSafe into its portfolio, Envisant is creating a powerful foundation for future innovation and growth, ensuring the organization continues to deliver exceptional value and strengthen its partnerships.

**About Envisant**

Envisant is a credit union service organization helping nearly 1,900 credit unions across all 50 states achieve their vision.
