## **Altra Federal Credit Union Selects Alogent's Unify Platform to Power Next-Gen Deposit Automation Operations**

**Peachtree Corners, GA, May 21, 2025** – [Alogent \(@AlogentCorp\)](#), a global leader in banking and financial services software, announced that Altra Federal Credit Union has selected Unify to modernize and consolidate its deposit operations across Day 1 and Day 2 workflows.

A longtime Alogent partner, Altra's migration to Unify underscores its commitment to operational efficiency, streamlined infrastructure, and cost-effective scalability. By centralizing all item processing, including mobile deposit and self-service transactions at ATMs and ITMs, Unify supports faster, more accurate processing, reduces overhead, and significantly lessens manual efforts. Unify also enhances both internal operations and the member experience across digital and in-branch channels.

"Unify allows us to simplify our infrastructure and eliminate manual processes across our deposit workflows," said Jennifer Cyert, Vice President, Deposit and Payment Strategies at Altra Federal Credit Union. "This positions us to deliver faster, more accurate, and responsive services to our members, while also giving us the agility and scalability to support future growth. The efficiencies we will gain with Unify will allow our Payments team to focus on advancing our Faster Payments Roadmap."

###

### **About Alogent**

Alogent provides proven, end-to-end check payment processing, enterprise content and information management, and omni-channel digital banking platforms to financial institutions of all sizes, including credit unions, community banks, and some of the largest national and international institutions. Our unique approach spans the entire transaction ecosystem — capturing and digitizing transaction data, exception tracking, and automating entire transaction and loan management workflows so that information is available across the enterprise. Alogent's solution suites leverage the latest in machine learning and predictive analytics, including enterprise-wide data intelligence and reporting solutions that enable financial institutions to deliver products and services that boost engagement through personalization and data-backed decisions.
