**LGE Community Credit Union recognized by Forbes on America's Best-In-State Credit Unions list**

Atlanta, Ga. (July 10, 2025) – LGE Community Credit Union was recently recognized as one of the top credit unions in Georgia by Forbes on the publication's 2025 Best-In-State Credit Unions list. LGE was one of only four credit unions in Georgia to receive the Best-In-State designation.

Forbes partnered with market research firm Statista to survey approximately 26,000 U.S. residents and analyze more than 500,000 online reviews and ratings of credit unions to identify the best credit unions in each state.

Survey respondents were asked to score institutions based on criteria including customer service, overall level of trust, transparency, and quality of financial advice. Survey responses accounted for 80% of each credit union's score, while reviews and ratings accounted for 20%.

"This distinction would not be possible without each of our employees who make LGE Community Credit Union a trusted and valued financial institution," said Chris Leggett, president and chief executive officer of LGE Community Credit Union. "We pride ourselves on our mission of 'people helping people' and this honor is evidence that we are truly making a difference in our communities."
